# From our President

As we move into year four of the Northern Colorado Prospers five-year strategic initiative campaign, a big “thank you” to the 100 investors who support us and trust us to tackle the region’s key challenges in the areas of transportation, labor force, business environment and retaining key employers.

As you can see from these NCP updates, we are focused on the goal to make Northern Colorado great.

We still have more work to do, but we have moved the dial (or dirt) on transportation funding, talent recruitment and attraction, standing up for business and supporting the primary employers in our region. Thank you for your continued leadership, financial resources and commitment.

**David May, President & CEO**  
Fort Collins Area Chamber of Commerce

“ I can’t think of a better example of being a champion for stronger communities than Northern Colorado Prospers. When you consider transportation and mobility, workforce, talent and the Bold Voice of Business, those are foundational to strong communities. ”  
- NICK HAWS, CHAMBER BOARD CHAIR
